September 2020

Dear Parents / Carers,

We have been very impressed with how focused students have been during their formal Maths assessments this week. Students in years 7 – 10 will be sitting Science assessments in the Week beginning 5<sup>th</sup> October 2020 and English assessments in the week beginning 12<sup>th</sup> October 2020. As a reminder we are using these assessments to look at any gaps that have formed since the interruption to normal teaching in March. This will better enable us to support students with any catch-up that is required.

Within the examination room students are expected to work under strict examination conditions. so that expectations become routine in preparation for external exams. It also provides conditions in which all students can perform to their best ability. The schedule of assessments is shown below:
