

The Harefield Academy GCSE results 2020

We are delighted to congratulate our Year 11 students today on their fantastic exam successes. Despite the national challenges of this year's grading process, we are proud to see that our students' hard work, ambition and commitment to their studies has been rewarded with a great number of positive highlights.

Our overall progress score has continued to improve for the 4th year in a row and reflects an improvement of around a quarter of a grade since last year. The proportion of students achieving a pass in Maths and English has also continued to rise, now sitting at 65%. We have continued to see all of our key headline data improve for the 4th consecutive year reflecting the continued improvements in the quality of education delivered at The Harefield Academy and the consistently impressive attitudes to learning amongst our students. Our student's achievement in Maths, in particular, now sits well above national averages.

We are proud of each and every one of our Year 11 students and wish each of them the best of luck in their continued studies and pathways. We look forward to welcoming many of our students back in September to continue their studies in our highly successful Sixth Form.

Here is a selection of some of our individual success stories to share:

Dante Cassanova will be continuing with the Tottenham Hotspur Under 18 Scholars programme. He is delighted with his exam results, particularly a grade 7 in Maths!

Grace Cowdry's fantastic suite of GCSE results include an impressive seven grade 9's, two grade 8's and a grade 7. A clean sweep of top grades!

Excellent outcomes were achieved by (Left to Right):

Delisha Gohil whose results include five grade 8s and a grade 7; Stanley Woodley with a grade 9, two grades 8s and three grade 7s amongst his results; Bethany Tatham who secured two grade 9's, a grade 8 and four grade 7s and Sarah Huetson Price proud to see four grade 8s and two grade 7s amongst her strong exam results.

Hannah Walton not only modelled outstanding attainment, but also significant progress since starting at The Harefield Academy. Hannah improved by up to four grades on her targets with her exam results including two grade 9s, three grade 8s and two grade 7s. We are so proud of Hannah's journey demonstrating her academic growth since commencing her studies with us five years ago.

Aidan Manning, Kai Amara and Josh Popoola were delighted with their results, with particularly strong outcomes in Maths. We wish each of them well as they continue to pursue their careers within football. Our congratulations to Aidan who has successfully retained his place on the Watford FC Scholars programme.
